2015 ANNUAL GENERAL MEETING

Date: Wednesday 28 October 2015
Time: 2.00pm for 2.30pm start
Venue: Offices of Grant Thornton
Level 17, 383 Kent Street, Sydney, NSW

Details about the items of business to be considered at the AGM are contained in the separate Notice of 2015 Annual General Meeting sent to investors.

Five Year Summary

NET ASSET VALUE (pre tax cents per share)

NET PROFIT AFTER TAX (\$m)

CASH TO SHAREHOLDERS (cents per share)

NET BANK DEBT (\$m)

NUMBER OF UNDERLYING INVESTMENTS

UNDRAWN PRIVATE EQUITY COMMITMENTS (\$m)

Statement by the Chairman

Over the 2015 financial year the Company continued to return cash to shareholders as the Company winds down and the investment portfolio is gradually realised – more than \$19 million was paid via two dividends and three capital returns.

Global financial markets were generally benign over the period despite significant geo-political turmoil in some regions and mixed economic signals in others. For the private equity sector in Australia these conditions continued to engender sentiment that was conducive to, and receptive of, well-priced asset sales resulting in strong cash inflows for IPE Limited. The Company benefited from a number of listings in the prior period which subsequently enabled partial sell-downs of previously escrowed holdings. Assuming the markets remain relatively stable, the first six months of FY2016 should see continued cash flows from similar sell-downs and progress with other asset sales.

The portfolio is now down to 42 underlying investments and the 20 most significant represent more than 80% of the portfolio value. Thus the previous levels of diversification are much reduced and portfolio valuations may start to exhibit greater volatility than witnessed in the past. Nevertheless, our portfolio still contains a range of quality opportunities that have the potential to generate significant cash-flow over the next couple of years.

We were pleased that shareholders gave approval at the last AGM for further capital returns and also pleased that the Tax Office provided appropriate class rulings in a timely and efficient manner. At the coming AGM shareholders will be asked for similar approval. During FY2016 we expect that the Company will again be

able to pay returns of capital and dividends although the dividends may not have the level of tax benefits seen in the past as imputation credits may be low and LIC gains now difficult to generate due to the portfolio structure.

On behalf of the Board, thank you for your continued support and I hope you will join us at the AGM which will be held on Wednesday, 28 October, at the offices of Grant Thornton in Sydney.

A handwritten signature in black ink, appearing to read 'Geoff Brunson'.

Geoff Brunson
Chairman
21 August 2015

Investment Strategy

The private equity program was developed on a multi-manager (or “fund of funds”) basis, with the aim of building a well-diversified portfolio of private equity funds managed by a selection of professional private equity managers. The current position and strategy is:

- commitments to 16 private equity funds were put in place to build the Company’s exposure to private equity investments;
- commitments were originally made to ensure steady “vintage year” diversification but there have been no further commitments following the change to a “wind down” strategy announced in June 2009;
- as private equity funds generally operate on a partly paid basis, the Company’s private equity commitments have been funded gradually over many years;

- funding for the remaining commitments will be sourced from internal cash generation; and
- dividends and capital returns are being paid to investors as the portfolio is wound down.

Pomona Australia Pty Limited (“Pomona”) has been appointed as manager to implement the Company’s investment strategy.

Operating and Financial Review

KEY ITEMS

Net profit after tax	\$2.0 million
Net assets	\$46.14 million
Net tangible asset backing (pre tax)	\$0.324 per share
Debt	nil
Debt facility	Cancelled
Cash	\$4.9 million
Dividends paid	3.00 cps (\$4.1 million) 1.75 cps (\$2.4 million)
Return of capital paid	4.00 cps (\$5.5 million) 3.50 cps (\$4.8 million) 1.75 cps (\$2.4 million)
Number of private equity funds	15
Number of underlying investments	42
Undrawn commitments	\$2.6 million

CASH FLOW AND EARNINGS

The Company produced an after tax profit of \$2.0 million for the year compared with a profit last year of \$2.85 million.

It was another relatively strong year for private equity funds seeking to sell investments although, compared to the prior year, more portfolio exits were to trade buyers than via IPOs.

In the first half of the year cash flow was primarily generated by:

- The sale of Endeavour Learning by HPEF II;
- The sale of NZ-based Griffins Foods by Pacific Equity Partners ("PEP") III;
- The sale of Hoyts Group by PEP III and PEP IV; and
- Sell downs by PEP of the listed stock they held in Veda Advantage and the Spotless Group.

The second half of the year was more subdued but strong cash flow came from:

- Archer 4 exiting its residual interest in MYOB;
- Quadrant achieving further partial sales of its interests in iSentia and Seniors Money;

- PEP selling its final interests in the listed Veda Advantage; and
- Wolesey sourcing incomes and re-capitalisations from a number of portfolio companies.

All of these activities plus a range of smaller contributions provided cash inflows of more than \$17 million (\$20 million in 2014) while calls by the portfolio only required \$1.5 million (\$4.3 million in 2014). The net result enabled the Company to declare and pay \$13.7 million in dividends and capital returns and end the year with \$4.9 million in cash reserves. That cash balance should increase over the next six months as we expect further realisations - some from listed holdings released from escrow (eg. iSentia and Spotless) and others from sales processes currently being investigated. Further dividends and capital returns will be considered in due course and the Board's aim remains to return cash to shareholders as efficiently as possible.

NET ASSET BACKING

The underlying value of the investment portfolio is captured in the net tangible assets ("NTA") disclosed monthly to the ASX.

The NTA at 30 June was \$46.1 million (2014: \$57.8 million) after having paid \$19.1 million (including \$5.5 million provided for at 30 June 2014) in dividends and capital returns during the year. Pre-tax NTA per share moved from \$0.416 (\$0.423 post-tax) at 30 June 2014 to \$0.324 (\$0.338 post-tax) at balance date.

Overall, the year-end portfolio valuations reflected a cautious approach to market conditions which (though very skittish towards year-end) continue to be relatively strong but with some concern for a correction reflecting uncertainty in Europe and China.

Investors can access monthly NTA releases from the Company's website at www.ipelimited.com.au, via the ASX website or by contacting their broker.

CAPITAL MANAGEMENT

At balance date the Company had \$2.6 million of undrawn private equity commitments compared with \$5.1 million at 30 June 2014. The reduction was due to calls for portfolio purposes and further releases of commitments by a couple of funds. As indicated in previous reports the future demands on the undrawn commitments should be for relatively small amounts and we expect further releases of commitments over FY2016 as a number of funds formally terminate. Given that expectation it was concluded that the debt facility, which had been in place for many years, was no longer required and it was cancelled in May. The facility was not drawn on at any time during FY2015.

With shareholder approval in place and a continuation of strong cash flows the Company was able to pay a total of 5.25 cents per share in two capital returns during the year and the Australian Tax Office subsequently confirmed that the returns were non-taxable. These payments were in addition to the 4.00 cents per share paid in July 2014 that was subject to an earlier advice from the ATO. We expect capital returns to continue over FY2016 now that undrawn commitments are at very modest levels and will seek appropriate shareholder approval at the next AGM.

PORTFOLIO DIVERSIFICATION

The private equity portfolio is diversified by investment management team, investment stage, company size, industrial sector, geography, deal size and maturity. With 42 underlying investments the portfolio still provides a broad spread of promising opportunities.

Industry sector exposure

Underlying investment stage

Head office location

> Diversification by sector, stage and geography.

PRIVATE EQUITY PORTFOLIO

The Company's primary focus has been to build a diversified portfolio of institutional-grade private equity funds. Over the year, the Company's undrawn commitments reduced to only \$2.6 million and one fund (HPEF II) formally terminated and is no longer included in the table below.

The summary of the portfolio as at 30 June 2015 is:

	Investment focus	Fund size (\$m)	Committed (\$m)	Capital drawn (\$m)	Capital to be drawn (\$m)	Cash back (\$m)
Archer Capital Fund 3	MBO	397.0	6.6	6.5	0.1	11.6
Archer Capital Fund 4	MBO	1,312.4	9.7	9.1	0.6	10.5
Catalyst Buyout Fund 1	MBO	390.0	8.0	8.0	0.0	5.2
CM Capital Venture Trust No 4	Venture	153.5	8.0	7.8	0.2	0.6
Direct Capital Partners III (\$A equiv)	Exp / MBO	57.1	7.0	6.8	0.2	7.2
Ironbridge Capital 2003/4 Fund	MBO	450.0	5.0	4.8	0.2	3.8
NBC Private Equity Fund II	Exp / MBO	98.6	6.0	6.0	0.0	0.4
NBC Private Equity Fund III	Exp / MBO	101.2	10.0	10.0	0.0	3.9
Pacific Equity Partners Fund III	MBO	1,214.0	7.6	7.5	0.1	11.0
Pacific Equity Partners Fund IV	MBO	3,061.0	7.5	7.2	0.3	7.5
Propel Private Equity Fund II	Exp / MBO	70.8	3.4	3.4	0.0	5.9
Quadrant Private Equity No.1	Exp / MBO	265.0	8.0	8.0	0.0	9.8
Quadrant Private Equity No. 2	Exp / MBO	480.0	9.6	8.8	0.8	16.7
Wolseley Partners Fund I	Exp / MBO	107.4	8.0	8.0	0.0	2.4
Wolseley Partners Fund II	Exp / MBO	235.0	10.0	9.8	0.2	4.3
Total			114.3	111.7	2.6	100.8

Note 1. Numbers subject to rounding.

Note 2. "Exp / MBO" means expansion capital and management buy-outs.

The underlying private equity portfolio continued to decrease over the year. There were 9 totally exited (some had achieved earlier partial exits), no new investments added and the portfolio ended with exposure to 42 ongoing opportunities. In addition to the list below, the partial IPO exits mentioned previously were important in creating paths to eventual total exit, though the outcomes may depend heavily on market conditions going forward.

Fund	Company	Total return as a multiple of cost
Archer Capital Fund 4	MYOB	3.7x
CM Capital Venture Trust 4	Ingenero	0.0x
Direct Capital Partners III	Rodd & Gunn	0.4x
Ironbridge 2003/2004 Fund	Stardex	2.4x
	Recreational Tourism	0.1x
Pacific Equity Partners Fund III	Griffin's Foods	2.2x
	Hoyts	2.9x
	Veda Group	2.3x
Pacific Equity Partners Fund IV	Hoyts	2.9x
	Veda Group	2.1x
Wolseley Partners Fund I	Pacific Services Group	0.2x
	Cartridge World	0.0x
Wolseley Partners Fund II	Cartridge World	0.0x

The remaining portfolio continues to mature with 74% now more than five years old (the usual holding period of a private equity investment is between 4 to 7 years within a fund life of 10 years).

No. of underlying investments (including exits)

No. of underlying investments (excluding exits)

The years in the tables above are financial years.

SUMMARY OF 20 LARGEST PRIVATE EQUITY EXPOSURES

(As a percentage of the value of the Company's private equity assets as at 30 June 2015.)

Directors' Report

The Directors present their report together with the financial report of IPE Limited (the Company) for the financial year ended 30 June 2015 and the auditor's report thereon.

CORPORATE INFORMATION

Corporate structure

IPE Limited is a company limited by shares that is incorporated and domiciled in Australia. It has no parent entity.

Principal activities

The principal activity of the Company during the year was holding long-term investments in private equity funds. The Company began this activity after listing on the Australian Stock Exchange (ASX) on 25 November 2004.

Employees

Until the date of this report, the Company has no employees because the functions of the Company are performed by the investment manager, Pomona Australia Pty Limited (the Manager), under the terms of a Management Agreement.

DIRECTORS

The names and details of the Company's Directors in office during the year and until the date of this report are as follows:

Geoff Brunson

Independent, Non-Executive Director and Chairman
Appointment date: 3 February 2004

Jon Schahinger

Managing Director
Appointment date: 3 February 2004

Don Stammer

Independent, Non-Executive Director
Appointment date: 3 February 2004

Qualifications

The qualifications and experience of the Company's Directors in office during the financial year and until the date of this report are as follows:

Geoffrey Brunsdon
BComm, FCA, FFINSA, FAICD
Independent and Non-Executive Director
(Chairman)

Geoff Brunsdon is Chairman of Sims Metal Management Limited, APN Funds Management Limited and MetLife Insurance Limited. He was previously Managing Director and Head of Investment Banking of Merrill Lynch International (Australia) Limited and is also involved in several non-profit organisations. Geoff was appointed a Director and Chairman of the Company on 3 February 2004 and is a member of the Audit and Compliance Committee.

Jon Schahinger
BComm, CPA
Managing Director

The Manager has made Jon Schahinger available to the Company as Managing Director. That role is to oversee the implementation of the Company's investment strategy and its administrative requirements. He is the Company's primary contact for its external relationships. Jon has responsibility for all aspects of the Manager's private equity operations and has a background in accounting, finance and investment. Jon has been in the funds management industry for 25 years in both the listed and unlisted arenas. Jon was appointed Managing Director on 3 February 2004.

Donald Stammer
MA (UNE), PhD (ANU)
Independent and Non-Executive Director

Don Stammer has had a long and distinguished career in each of academia, central banking and investment banking and is one of Australia's best known economists. From 1972 until 1981 Don held senior positions, including deputy chief manager, at the Reserve Bank of Australia. From 1981 until 2001 he was Chief Economist/Director of Investment Strategy with Deutsche Bank (formerly Bain & Company). Don is chairman of QV Equities Limited and has advisory roles with the Third Link Growth Fund and Altius Asset Management. He is a member of the investment committees of the National Children's Medical Research Institute and Redkite. Don was appointed a Director on 3 February 2004 and is Chairman of the Audit and Compliance Committee.

Company secretary

The Company Secretary in office during the year was Sam Jackson (appointed 21 March 2011). Sam is a member of the Institute of Chartered Accountants Australia and New Zealand and performs the functions of Chief Financial Officer of the Company. He is also Company Secretary and Chief Financial Officer of the Manager.

Directors' meetings

The number of Directors' meetings (including meetings of committees of Directors) and number of meetings attended by each of the Directors of the Company during the financial year are:

	Directors' Meetings		Audit & Compliance Committee Meetings	
	Held	Attended	Held	Attended
Geoff Brunsdon	6	6	4	4
Jon Schahinger*	6	6	–	–
Don Stammer	6	6	4	4

* Jon Schahinger is not a member of the Audit and Compliance Committee.

Directors' interests

The relevant interest of each Director in the shares issued by the Company, as notified by the Directors to the ASX in accordance with S205(1) of the Corporations Act 2001, at the date of this report is as follows:

	Number of Ordinary Shares
Geoff Brunsdon	1,183,242
Jon Schahinger	1,000,000
Don Stammer	640,000

CORPORATE GOVERNANCE STATEMENT

In recognising the need for high standards of corporate behaviour and accountability, the Directors of the Company support the principles of corporate governance issued by the ASX. The Company's corporate governance statement is contained in a later section of this annual report.

REMUNERATION REPORT – AUDITED

This remuneration report outlines the Director and Executive remuneration arrangements of the Company in accordance with the requirements of the Corporations Act 2001 and its Regulations. For the purposes of this report, key management personnel of the Company are defined as those persons having authority and responsibility for planning, directing and controlling the major activities of the Company, directly or indirectly, and may include any Director. For the purposes of this report, the term 'executive' encompasses the Managing Director only.

Remuneration policy

The Company does not have a Remuneration Committee and it is not the intention of the Board to establish a Remuneration Committee at this stage. In the event that the Board deems it necessary, one will be established. Currently, only Independent Directors are paid Directors' fees by the Company. The amount that these Directors receive is assessed from time to time having regard for the estimated future workloads and responsibilities of the Independent Directors of the Company and prevailing market conditions. There is no link between remuneration paid to Directors and corporate performance.

Compensation of Directors

From establishment, no Director has received or become entitled to receive a benefit by reason of a contract made by the Company or a related body corporate with the Director or with a firm of which he is a member or with a company in which he has a substantial financial interest, other than disclosed below:

	Short term benefits (\$)		Post employment benefits (\$)		Total remuneration (\$)	
	2015	2014	2015	2014	2015	2014
Geoff Brunsdon	60,000	54,908	-	5,092	60,000	60,000
Jon Schahinger	-	-	-	-	-	-
Don Stammer	31,950	32,030	3,050	2,970	35,000	35,000
Total compensation	91,950	86,938	3,050	8,062	95,000	95,000

Acknowledging the gradual winding-down of the Company's activities, the non-executive Directors have decided to reduce their compensation. Consequently, the total remuneration for the 2016 financial year will decline by more than 25% to \$70,000.

Under the current terms of the Company's constitution, the non-executive Directors as a whole may be paid or provided remuneration for their services, the total amount or value of which must not exceed an aggregate maximum of \$150,000 per annum.

No remuneration is paid by the Manager (or the previous manager) directly to any Director for services as a Director of the Company. Consequently, no compensation as defined in AASB 124 "Related Party Disclosures" is paid by the Company to the Directors as Key Management Personnel.

No Director has received a share based payment or other long term benefit during the year ended 30 June 2015 (2014: \$nil).

Other than the Directors and Company Secretary there were no executive officers.

Movements in shares

The movement during the reporting period in the number of ordinary shares in the Company held directly, indirectly or beneficially, by each key management person, including their related parties is as follows:

Director	1 July 2014	Purchases	Sales	30 June 2015
Geoff Brunsdon	1,183,242	-	-	1,183,242
Jon Schahinger	1,000,000	-	-	1,000,000
Don Stammer	640,000	-	-	640,000

Director	1 July 2013	Purchases	Sales	30 June 2014
Geoff Brunsdon	1,183,242	-	-	1,183,242
Jon Schahinger	1,000,000	-	-	1,000,000
Don Stammer	640,000	-	-	640,000

No shares were granted to key management personnel during the reporting period as compensation in 2014 or 2015.

Other related parties

Contributions to superannuation funds on behalf of Directors are disclosed in the remuneration report.

1,183,242 shares are held by Jesena Pty Limited at balance date. Geoff Brunsdon is a Director of Jesena Pty Limited and has the power to influence the voting rights and disposal of its equity holdings.

900,000 shares are held by Schank Superannuation Fund at balance date. Jon Schahinger is a joint trustee of the superannuation fund, and has the power to influence the voting rights and disposal of its equity holdings.

640,000 shares are held by Meroma Pty Limited at balance date. Don Stammer is a Director of Meroma Pty Limited, and has the power to influence the voting rights and disposal of its equity holdings.

MANAGEMENT AGREEMENT

Management fee

In consideration for the services provided under the Management Agreement, the Manager is entitled to a management fee which is calculated on the last business day of each month and paid no less frequently than quarterly.

The management fee is charged at the rate of 0.85% per annum of the gross asset value of the portfolio.

Performance fee

The Manager will be entitled to a performance fee calculated annually over three year rolling periods. The first three year period was the period from the end of the month in which the Company was admitted to the ASX's Official List to the third anniversary of that date (30 November 2007).

The fee payable is equal to 10% of any out-performance of the Portfolio over a benchmark which is the greater of:

- (a) the total return of the S&P/ASX 300 Accumulation Index over the calculation period plus 3% per annum; and
- (b) 25% over the calculation period.

As at 30 June 2015, no performance fee has been paid or become payable to the Manager (2014: \$nil).

REVIEW AND RESULTS OF OPERATIONS

During the reporting period the Company engaged in its principal activity - holding long term investments in private equity funds, the results of which are enclosed in the attached financial statements.

Operating results for the year

Over the year financial market conditions, particularly in the first six months, proved very conducive for private equity cash-generative activities and the Company again enjoyed strong inflows. Significant events were:

- Payment of three capital returns totalling 9.25 cents per share.
- ATO issuance of another positive class ruling on the capital returns.
- Payment of two dividends totalling 4.75 cents per share.
- Outstanding commitments reduced from \$5.1 million to \$2.6 million.
- The cancellation of the debt facility which recognises that the Company's outstanding commitments can now be covered solely from internal cash generation.

The net profit after providing for income tax amounted to \$2.0 million (2014: profit of \$2.85 million).

See the "Operating and Financial Review" on pages 4 to 13 for more detailed information.

Earnings per share for the reporting period based on the weighted average number of ordinary shares	2015	2014
Basic earnings per share (cents per share)	1.46	2.08
Diluted earnings per share (cents per share)	1.46	2.08

Significant changes in the state of affairs

There were no significant changes in the state of affairs of the Company that occurred during the financial year.

Cash returns to shareholders

Dividends and returns of capital paid or declared by the Company since the end of the previous financial year were:

Declaration date	Cents per share	Total amount \$'000	Payment date
Dividends			
16 Mar 2015	1.75	2,390	14 Apr 2015
29 Oct 2014	3.00	4,097	4 Dec 2014
Returns of capital			
25 Jun 2014	4.00	5,463	18 Jul 2014
15 Aug 2014	3.50	4,782	16 Sep 2014
16 Mar 2015	1.75	2,390	14 Apr 2015

Matters subsequent to the end of the financial year

No matters or circumstances have arisen since the end of the reporting period which significantly affected or may significantly affect the operations of the Company, the results of those operations or the state of affairs of the Company.

Likely developments

Subject to macro-economic conditions, continued exit activity should enable the Company to further deliver on its strategy of winding down the portfolio and returning cash to shareholders.

INDEMNIFICATION AND INSURANCE OF DIRECTORS AND OFFICERS

Indemnification

The Company has agreed to indemnify the Directors of the Company against all liabilities to another person (other than the Company) that may arise from their position as Directors of the Company, except where the liability arises out of conduct involving lack of good faith. The agreement stipulates that the Company will meet the full amount of any such liabilities, including costs and expenses.

The Company has not indemnified the current or former auditors of the Company.

Insurance premiums

The Company paid insurance premiums of \$42,029 in respect of the Directors' liability and legal expenses insurance contracts, for current and former Directors of the Company for the period from 30 September 2014 to 30 September 2015. The insurance premiums relate to:

- costs and expenses incurred by the relevant officers in defending proceedings, whether civil or criminal and whatever their outcome; and
- other liabilities that may arise from their position, with the exception of conduct involving a wilful breach of duty or improper use of information or position to gain a personal advantage.

Disclosure of the limit of liability under the policy is prohibited under the terms of the insurance contract.

NON-AUDIT SERVICES

The Company's auditor, Grant Thornton, is also contracted to perform taxation services in relation to the preparation and lodgement of the Company's annual tax return. The fee quoted for this service in relation to the 2015 financial year was approximately \$8,800 including GST (2014: \$8,800).

The Board has considered the non-audit services provided during the year by the auditor and in accordance with a resolution of the Audit Committee, is satisfied that the provision of those non-audit services during the year by the auditor is compatible with, and did not (or will not) compromise, the auditor independence requirements of the Corporations Act 2001 for the following reasons:

- All non-audit services were subject to the corporate governance procedures adopted by the Company and

have been reviewed by the Audit Committee to ensure they do not impact the integrity or objectivity of the auditor; and

- The non-audit services provided do not undermine the general principles relating to auditor independence as set out in APES 110 Code of Ethics of Professional Accountants, as they did not involve reviewing or auditing the auditor's own work, acting in a management or decision making capacity for the Company, acting as an advocate for the Company or jointly sharing risks and rewards.

Details of the amounts paid to the auditor of the Company, Grant Thornton, and its related practices for audit and non-audit services provided during the year are set out in Note 26.

Lead auditor's independence declaration

The lead auditor's independence declaration is set out on page 20 and forms part of the Directors' Report for the financial year ended 30 June 2015.

ENVIRONMENTAL REGULATION

The Company's operations are not subject to any significant environmental regulations under either Commonwealth or State legislation.

ROUNDING

The Company is of a kind referred to in ASIC Class Order 98/100 dated 10 July 1998 and in accordance with that Class Order, amounts in the financial report and Directors' report have been rounded off to the nearest thousand dollars, unless otherwise stated.

This report is made with a resolution of the Directors..

Auditor's Independence Declaration To the Directors of IPE Limited

In accordance with the requirements of section 307C of the Corporations Act 2001, as lead auditor for the audit of IPE Limited for the year ended 30 June 2015, I declare that, to the best of my knowledge and belief, there have been:

- a no contraventions of the auditor independence requirements of the Corporations Act 2001 in relation to the audit; and
- b no contraventions of any applicable code of professional conduct in relation to the audit.

Director - Audit & Assurance

Sydney, 21 August 2015

Grant Thornton Audit Pty Ltd ACN 130 913 594
a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation. Liability is limited in those States where a current scheme applies.

Corporate Governance Statement

The Board of Directors of IPE Limited (the Board) is responsible for the corporate governance of the Company. The Board guides and monitors the business and affairs of the Company on behalf of the shareholders, by whom they are elected and to whom they are accountable.

This Corporate Governance Statement has been set out in accordance with the ASX Corporate Governance Council's "Corporate Governance Principles and Recommendations – 3rd Edition" (the Recommendations). In accordance with the Recommendations, the Corporate Governance Statement contains specific information disclosing the extent to which the Company has followed the guidelines during the year. Additionally, if the Company considers that a Recommendation is inappropriate to its particular circumstances, it has not adopted it. In such cases, that fact has been disclosed below, together with the reasons for non-adoption.

The Corporate Governance Statement is current as at balance date and has been approved by the Board of Directors.

PRINCIPLE 1: LAY SOLID FOUNDATIONS FOR MANAGEMENT AND OVERSIGHT

1.1 The respective roles and responsibilities of Board and Management

In lieu of senior executives and the duties delegated to them, a formal statement delegating authority to the Manager has been established, in the form of a Management Agreement, between the Company and the Manager, and appoints the Manager to:

- Invest and manage the portfolio in accordance with the terms of the Agreement; and
- Perform various administrative services such as preparing financial statements and assisting with communications and regulatory reporting.

The Management Agreement may be reviewed periodically to ensure its ongoing suitability. Any additional matters affecting the Company are discussed in full and dealt with by the Board when required.

The Company has adopted a Board Charter to more fully adhere to the Recommendations by formally documenting the Board's purpose and role, and the powers reserved to the Board. A copy of the Board Charter can be obtained by contacting the Registrar.

1.2 Appointment and candidacy of directors

The Board, as a whole, serves as a Nomination Committee. The composition of the Board is monitored (both in respect of size and membership) to ensure that the Board has a balance of skill and experience appropriate to the needs of the Company. When a vacancy exists, the Board will ensure that appropriate background checks and investigations are carried out in relation to any candidate. When directors are standing for election for the first time or standing for re-election the Board ensures that the relevant notices contain a sufficiency of information for shareholders to arrive at a well-considered decision. With the exception of the Managing Director, at least two Directors of the Board must retire and stand for re-election each year. As the Board currently consists of only three directors this means that the two non-executive directors must resign annually and can stand for re-election.

1.3 Written agreements with directors and senior executives

Each Director has been appointed under a written agreement between them and the Company. The Company has no executives as the management has been contracted under a separate Management Agreement.

1.4 Company secretary accountability to the Board

Each director has free access to the company secretary to ensure that the Board procedures and functions are performed efficiently and accurately, however the prime accountability of the company secretary to the Board is via the Chairman. Any change of company secretary is approved by the Board.

1.5 Diversity policy

As the Company has no employees it has not established a diversity policy but will take diversity into consideration when considering any changes to the composition of the Board. Currently there are no female Directors.

1.6 Evaluation of Board performance

An internal process for a formal performance evaluation of the Board, its committees and individual Directors is in place and the last evaluation was conducted in June 2015. The Board decided that a comprehensive externally-led process would not add any value to the operation of the Board, given the style of operations of the Company.

1.7 Evaluation of senior executive performance

The company has no senior executives to evaluate. However the performance of the Manager is discussed and assessed at the regular meetings of the Board and a process for a formal evaluation of the Manager is in place and undertaken on an annual basis and the last evaluation was conducted in June 2015.

PRINCIPLE 2: STRUCTURE THE BOARD TO ADD VALUE

2.1 Nomination committee

Given its current small size, the Board, as a whole, serves as a Nomination Committee. The composition of the Board is monitored (both in respect of size and membership) to ensure that the Board has a balance of skill and experience appropriate to the needs of the Company, including Board succession planning. When a vacancy exists, the Board will identify candidates with appropriate expertise and experience and appoint the most suitable person.

2.2 Board skills matrix

The skills, experience and expertise relevant to the position of each Director are included on page 15. Overall, the skills of the Board include the following key areas:

Area of expertise

Private equity fund investment	✓
Investment strategy	✓
Economics	✓
Investment banking	✓
Accounting & finance	✓
Board experience	✓
Corporate governance	✓

2.3 Directors and independence

The Board consists of both independent and non-independent Directors. Directors of the Company are considered to be independent when they are independent of the Manager and free from any business or other relationship that could materially interfere with,

or could reasonably be perceived to materially interfere with, the exercise of their unfettered and independent judgement.

In the context of Director independence “materiality” is considered from both the Company and individual Director perspective. The determination of materiality requires consideration of both quantitative and qualitative elements. An item is presumed to be quantitatively immaterial if it is equal to or less than 5% of the appropriate base amount, such as the total assets of the Company. It is presumed to be material (unless there is qualitative evidence to the contrary) if it is equal to or greater than 10% of the appropriate base amount. Qualitative factors considered include whether a relationship is strategically important, the competitive landscape, the nature of the relationship, the contractual or other arrangements governing it and other factors which point to the actual ability of the Director in question to shape the direction of the Company’s obligations.

In accordance with the definition of independence above, and the materiality thresholds set, Geoff Brunsdon and Don Stammer are considered to be independent.

The lengths of service relevant to the position of each Director are included on page 15.

2.4 Majority of Board to be independent

With a Board numbering three, two of whom are considered independent, the majority of the Board is made up of independent directors.

2.5 Chair of board to be independent

The Chair of the Board is Geoff Brunsdon who is an independent director.

2.6 Induction and professional development of directors

Directors have access to continuing education to update their skills and knowledge, including developments within the industry and the Company’s operating environment which are regularly discussed at Board meetings. Additionally, there is the opportunity for Board members to take independent professional advice, if necessary, at the Company’s expense. The Board will ensure that any new candidate for a Board position has the skills and knowledge needed to properly fulfil that function.

PRINCIPLE 3: ACT ETHICALLY AND RESPONSIBLY

3.1 Code of conduct

The Company and its Board is committed to acting legally, ethically and responsibly.

While no separate, formal code of conduct exists, the Board Charter outlines the expectation of the Board, while carrying out its responsibilities and powers, to recognise its overriding duty and responsibility to act honestly, diligently, professionally, in accordance with the law and in the best interests of the Company's shareholders and other stakeholders.

In addition to the above, the continuing employment of all Company officers and the Manager's employees is dependent on compliance with the high standards of professionalism and integrity, as contained in their contracts of employment or letters of appointment.

A copy of the Board Charter can be obtained by contacting the Registrar.

PRINCIPLE 4: SAFEGUARD INTEGRITY IN CORPORATE REPORTING

4.1 Audit Committee

The Board has established an Audit and Compliance Committee, which operates under a charter approved by the Board. It is the Board's responsibility to ensure that an effective internal control framework exists within the entity. This includes internal controls to deal with both the effectiveness and efficiency of significant business processes, the safeguarding of assets, the maintenance of proper accounting records and the reliability of financial information, as well as non-financial considerations such as the benchmarking of operational key performance indicators. The Board has delegated the responsibility for the establishment and maintenance of a framework of internal control and ethical standards for the management of the Company to the Audit and Compliance Committee.

The Audit and Compliance Committee also provides the Board with additional assurance regarding the reliability of financial information for inclusion in the financial reports. The members of the Audit and Compliance Committee are the independent Directors, who during the year were Don Stammer (Chairman of the Committee) and Geoff Brunson.

Details of the qualifications of the members of the Audit and Compliance Committee can be found in the Directors' report.

In contrast to Recommendation 4.1, suggesting a membership of at least three, the Audit and Compliance Committee contains two members because there are only two independent Directors on the Board. The Audit and Compliance Committee and the Board believe that the current Audit and Compliance Committee structure is sufficient to be able to meet the requirements of its Charter.

For details on the number of meetings of the Audit and Compliance Committee held during the year and the attendees at those meetings, refer to page 16 of this financial report.

4.2 CEO and CFO declarations on financial statements

Prior to signing the Directors' Report and Directors' Declaration and adopting the annual financial statements, the Board receives assurances from the people performing the Chief Executive Officer and Chief Financial Officer functions of the Company. These assurances were received from:

- the Managing Director in his capacity as Chief Executive Officer of the Company; and
- the Chief Financial Officer of the Manager, who performs the Chief Financial Officer function for the Company.

These assurances are that the financial records of the Company have been properly maintained, the financial statements comply with the accounting standards, and that the financial statements and notes for the financial year give a true and fair view. In addition, they provide assurance that there is a sound system of risk management and internal control and that the system is operating effectively in all material respects in relation to financial reporting risks.

4.3 Auditor to attend Annual General Meeting

The Company ensures that its external auditor, Grant Thornton, will have its relevant partner attend the annual general meeting to answer questions pertinent to the annual audit.

PRINCIPLE 5: MAKE TIMELY AND BALANCED DISCLOSURE

5.1 Policy on continuous disclosure obligations

The Company has provisions within its Board Charter requiring compliance with ASX Listing Rule disclosures. To meet these provisions, the Company ensures that all investors are kept up to date with any and all information in an equal and timely manner, by providing regular announcements to the Australian Securities Exchange and shareholders, and by posting up to date information onto the Company's website (www.ipelimited.com.au). The Board is careful to ensure that announcements are kept factual, clear and balanced at all times. Announcements generally take one of three forms:

- Monthly net tangible asset announcements which are released in line with a timetable published in the Company's Annual Report;
- Semi-annual and annual audited financial reports of the Company; and
- Ad-hoc releases whenever the Board considers it appropriate to advise investors of new developments within the Company or its portfolio.

The aim of the Board's continuous disclosure policy is fivefold:

- Keep current and potential investors abreast of the Company's activities and results;
- Reduce the possibility of the development of a false market in the Company's securities;
- Safeguard the confidentiality of corporate information to avoid premature disclosure;
- Provide a contact for media, analysts and shareholder queries; and
- Ensure compliance with the ASX listing rule disclosure requirements.

PRINCIPLE 6: RESPECT THE RIGHTS OF SECURITY HOLDERS

6.1 Providing information via a website

Up to date information can be accessed via the Company website, including but not limited to:

- Company strategy;
- Details of the investment portfolio;
- Information releases;
- Company policies and charters; and
- Company contact details.

The share registry website also includes useful online tools, such as enabling the electronic submission of annual report communication elections and accessing a shareholder's own relevant information.

6.2 Investor relations program

In the interest of promoting investor confidence, the Company promotes a culture where trading in its shares can proceed in an efficient and informed market. Although the Company does not have a formal investor relations program, normal Company practice is to disclose to shareholders (electronically and when required, by other means of communication) all relevant information on a timely basis, in such a way as not to affect market sensibility or commit a breach of any confidentiality clauses. The Company's Manager promptly responds to any shareholder queries and is available for meetings on request.

6.3 Shareholder participation at meetings

Notice of meetings are released to shareholders in good time, to ensure that as many shareholders as possible have the opportunity to attend. The format of meetings is designed to promote opportunities for investors to raise issues and ask questions however at other times of the year, investors also have the opportunity to raise issues or questions of Directors or the Manager via the contact details on the Company's website.

6.4 Shareholder communication options

All shareholders are provided a number of options for their receipt of communications from the Company and their choices are able to be updated by traditional written advice or electronically. The share registry website includes useful online tools, such as enabling the electronic submission of annual report and other communication elections and accessing a shareholder's own relevant information.

PRINCIPLE 7: RECOGNISE AND MANAGE RISK

7.1 Risk management committee

The Company does not have a designated Risk Committee because the Board as a whole serves as the Risk Committee.

As much of the management of the Company has been delegated to the Manager, the Manager is obliged to maintain adequate internal risk management objectives, policies and procedures to manage the Company's material business risks and provides the Board with a report setting out such risks and advising whether those risks are being managed effectively. These risks include financial risks such as market risk, credit risk and liquidity risk, as well as operational risks such as those in connection with the internal control framework and disaster planning.

Operational risk is primarily handled by the Manager, although the responsibility remains with the Board who may review and assess the findings of any internal and external reviews of the Manager's systems.

The policies and objectives surrounding the principal financial risks facing the Company have been outlined in note 6 "Financial risk management", together with details of the controls surrounding these risks.

7.2 Review of risk management framework

The Board regularly reviews the major risks that the company faces and the monthly report from the Manager to the Board includes risk management reporting. Time is set aside annually for an in-depth Board discussion about the continuing adequacy of the risk management framework.

7.3 Internal audit function

Given the Company's size and style of operations it does not have an internal audit function. The Company's operations are relatively simple and the Board believes it adequately monitors the effectiveness of the risk management processes and the internal control processes of Company and the Manager through its normal operating, reporting and oversight processes and through the various reports and reviews of the external auditor.

7.4 Material exposure to economic, environmental and social sustainability risks

The Company's only activity is investing in a portfolio of private equity funds. While reasonably diversified in its investment exposure the Company is exposed to the typical economic risks faced by such investment. A sensitivity analysis of these risks is shown in Note XX.

There are no direct environmental or social sustainability risks.

PRINCIPLE 8: REMUNERATE FAIRLY AND RESPONSIBLY

8.1 Remuneration committee

Due to the small number of Company officers it is not the intention of the Board to establish a Remuneration Committee at this stage. In the event that the Board deems it necessary, one will be established. No individual Director is directly involved in deciding his own remuneration.

8.2 Remuneration policies and practices

Presently, only the two independent Directors receive any remuneration from the Company because the non-independent Director is remunerated by the Manager. Under the current terms of the Company's constitution, the non-executive Directors as a whole may be paid or provided remuneration for their services, the total amount or value of which must not exceed an aggregate maximum of \$150,000 per annum. There is no link between remuneration paid to Directors and corporate performance.

Geoff Brunsdon and Don Stammer were remunerated by fees for an aggregate amount of \$95,000 per annum in 2015 (2014: \$95,000). All Directors' payments are inclusive of committee fees and superannuation, and do not include any retirement benefits other than superannuation contributions made as part of those fees. For details on the breakdown of the Directors' remuneration, refer to pages 16 and 17.

The Company pays the Manager fees under the Management Agreement. A summary of those fees is set out in Note 24 "Related Parties".

8.3 Equity-based remuneration

The Company has no equity-based remuneration scheme.

Statement of financial position

Net (decrease)/increase in cash and cash equivalents held		(5,230)	4,762
Add opening cash and cash equivalents brought forward		10,084	5,322
Cash and cash equivalents at end of the period	11a	4,854	10,084

The above Statement of cash flows should be read in conjunction with the accompanying notes to the financial statements set out on pages 30 to 54.

Notes to the financial statements

1. REPORTING ENTITY

IPE Limited (the "Company") is a Company domiciled in Australia. The address of the Company's registered office is Level 9, 1 Castlereagh Street Sydney, NSW 2000.

The nature of the operations and principal activities of the Company are managing long-term investments in private equity funds.

2. BASIS OF PREPARATION

(a) Statement of compliance

The financial report is a general purpose financial report that has been prepared in accordance with Australian Accounting Standards (AASBs) (including Australian Interpretations) adopted by the Australian Accounting Standards Board (AASB) and the Corporations Act 2001. The financial report of the Company complies with International Financial Reporting Standards (IFRSs) and interpretations adopted by the International Accounting Standards Board (IASB). IPE Limited is a for-profit entity for the purpose of preparing financial statements.

The financial statements were authorised for approval by the Board of Directors on 21 August 2015.

(b) Basis of measurement

The financial report has been prepared on a historical cost basis, except for financial assets held at fair value through profit or loss which have been measured at fair value. The methods used to measure fair values are discussed further in note 5.

(c) Functional and presentation currency

These financial statements are presented in Australian dollars, which is the Company's functional currency.

The Company is of a kind referred to in ASIC Class Order 98/100 dated 10 July 1998 and in accordance with that Class Order, all financial information presented in Australian dollars has been rounded to the nearest thousand dollars (\$'000) unless otherwise stated.

(d) Use of estimates and judgements

The preparation of financial statements in conformity with IFRSs requires management to make judgements, estimates and assumptions that affect the application of accounting policies and reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

Information about significant areas of estimation uncertainty and critical judgements in applying accounting policies that have the most significant effect on the amount recognised in the financial statements are described in the following notes:

- Note 5: Determination of fair values;
- Note 15: Tax assets and liabilities;
- Note 21: Financial instruments; and
- Note 22: Capital and other commitments

(e) Overview of changes to accounting policies

The Company did not change its accounting policies during the year ended 30 June 2015.

3. SIGNIFICANT ACCOUNTING POLICIES

The accounting policies set out below have been applied consistently to all periods presented in these financial statements.

(a) Foreign currency translations

Transactions in foreign currencies are translated to Australian dollars at the exchange rates at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies at reporting date are retranslated to Australian dollars at the foreign currency rate at that date with any differences between the weighted average cost of foreign currency and the balance at reporting date being taken to profit or loss. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are retranslated to Australian dollars at the exchange rate at the date that the fair value was determined.

Foreign currency differences arising on retranslation are recognised in profit or loss.

(b) Non-derivative financial assets

The Company has the following non-derivative financial assets: financial assets at fair value through profit or loss, cash and cash equivalents and receivables.

(i) Recognition and derecognition of non-derivative financial assets

The Company initially recognises receivables and deposits on the date that they are originated. All other financial assets (including assets designated at fair value through profit or loss) are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument.

The Company derecognises a financial asset when the contractual rights to the cash flows from the asset expire,

or when it transfers the rights to receive the contractual cash flows on the financial asset in a transaction in which substantially all the risks and rewards of ownership of the financial asset are transferred. Any interest in transferred financial assets that is created or retained by the Company is recognised as a separate asset or liability.

If the Company has the legal right to offset financial asset and liability amounts and intends either to settle on a net basis or realise the asset and settle the liability simultaneously, these amounts are not offset. The gross amounts of these offsetting assets and liabilities are presented separately in the Statement of Financial Position.

Non-derivative financial instruments are recognised initially at fair value plus, for instruments not at fair value through profit or loss, any directly attributable transaction costs. Subsequent to initial recognition non-derivative financial instruments are measured as described below.

(ii) Non-derivative financial assets

Financial assets at fair value through profit or loss

All investments held by the Company are measured at fair value through profit or loss. This includes all investments.

Cash and Cash equivalents

Cash and cash equivalents comprise cash balances and call deposits with original maturities of 3 months or less.

Receivables

Receivables are financial assets with fixed or determinable payments that are not quoted in an active market. Such assets are recognised initially at fair value plus any directly attributable transaction costs. Subsequent to initial recognition, receivables are measured at amortised cost using the effective interest rate method.

Receivables comprise accrued interest, amounts receivable from the tax authorities and distributions receivable from unlisted private equity investments.

(c) Non-derivative financial liabilities

The Company initially recognises loans and borrowings on the date that they are originated. All other financial liabilities are recognised initially on the trade date at which the Company becomes a party to the contractual provisions of the instrument. The Company derecognises a financial liability when its contractual obligations are discharged or cancelled or expire. If the Company has the legal right to offset financial asset and liability amounts and/or intends either to settle on a net basis or realise the asset and settle the liability simultaneously, these amounts have not been offset. The gross amounts of these offsetting assets and liabilities are presented separately in the Statement of Financial Position.

The Company's non-derivative financial liabilities consist of loans and borrowings and trade and other payables. Such financial liabilities are recognised initially at fair value excluding any directly attributable transaction costs. Subsequent to initial recognition these financial liabilities are measured at amortised cost using the effective interest rate method.

(d) Share capital

Ordinary shares

Ordinary shares are classified as equity. Incremental costs directly attributable to the issue of ordinary shares and share options are recognised as a deduction from equity, net of any tax effects.

(e) Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured. The following specific recognition criteria must also be met before revenue is recognised:

(i) Sale of investments

Revenue is recognised when the significant risks and rewards of ownership of the investments have passed to the buyer and can be measured reliably. Risks and rewards from unlisted private equity investments are considered to be passed to the buyer at the date the sale of the investment is settled, and the amount of the proceeds have been advised to the Company by the investment manager.

(ii) Financial assets at fair value through profit or loss

The net realised and unrealised movements in the values of the Company's financial assets at fair value through profit or loss during the year are recognised in profit or loss.

(iii) Dividends and distributions

Distributions from private equity investments are brought to account when the Company becomes entitled to the distribution and the amount can be measured reliably, which is ordinarily at the time it is received. Unlisted trust distributions are brought to account on a "present entitlement" basis at which time an adjustment is made to the fair value of the trust.

(iv) Foreign currency gains and losses

Foreign currency gains and losses are reported on a net basis.

(f) Finance income and finance costs

(i) Finance income

Finance income includes interest income on funds invested. Interest revenue is recognised as it accrues in profit or loss using the effective interest method.

(ii) Finance costs

Finance costs comprise interest expense on borrowings and fees in association with any debt finance facility. Finance costs are recognised as they accrue in profit or loss using the effective interest method. Where fees represent a prepayment for a period ending after balance date, a corresponding prepayment has been recognised in the Statement of Financial Position.

(g) Income tax

Income tax expense comprises current and deferred tax. Current and deferred taxes are recognised in profit or loss.

Current tax is the expected tax payable or receivable on the taxable income or loss for the year, using tax rates enacted or substantively enacted at the reporting date, and any adjustments to tax payable in respect of previous years.

Deferred tax is recognised using the balance sheet method, providing for temporary differences between the carrying amounts of assets and liabilities for financial reporting purposes and the amounts used for taxation purposes. Deferred tax is measured at the tax rates that are expected to be applied to the temporary differences when they reverse, based on the laws that have been enacted or substantively enacted by the reporting date.

A deferred tax asset is recognised for unused tax losses, tax credits and deductible temporary differences to the extent that it is probable that the future taxable profits will be available against which the temporary difference can be utilised. Deferred tax assets are reviewed at each reporting date and are reduced to the extent that it is no longer probable that the related tax benefit will be realised.

The Company falls below the Taxation of Financial Arrangements ("TOFA") thresholds and therefore TOFA does not apply. The Company has not voluntarily elected to apply TOFA.

(h) Goods and services tax (GST)

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the taxation authority. In these circumstances, the GST is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables, prepayments and payables are stated with the amount of GST included. The net amount of GST recoverable from, or payable to, the taxation authority is included as a current asset or liability in the balance sheet.

Cash flows are included in the Statement of Cash Flows on a gross basis. The GST components of cash flows arising from investing and financing activities which are recoverable from, or payable to, the taxation authority shall be classified as operating cash flows.

(i) Earnings per share (EPS)

The Company presents basic and diluted EPS data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to ordinary shareholders of the Company by the weighted average number of ordinary shares outstanding during the period. Diluted EPS is determined by adjusting the profit or loss attributable to ordinary shareholders and the weighted average number of ordinary shares outstanding for the effects of all dilutive potential ordinary shares.

(j) Segment reporting

The Company determines and presents operating segments based on the information that is provided internally to the Managing Director, who is the Company's chief operating decision maker. The accounting policy in respect of segment operating disclosures is presented as follows:

An operating segment is a component of the Company that engages in business activities from which it may earn revenues or incur expenses. An operating segment's operating results are reviewed regularly by the Managing Director to make decisions about resources to be allocated to the segment and assess its performance, and for which discrete financial information is available.

Segment results that are reported to the Managing Director include items directly attributable to a segment as well as those that can be allocated on a reasonable basis. Unallocated items comprise:

- (i) Non-segment revenue (interest received on cash float);
- (ii) Corporate expenses (such as ASX related expenses and fees for corporate services such as audit, tax review and registry); and
- (iii) Non-segment assets (cash float, income tax assets and liabilities, and other receivables).

(k) Presentation of financial statements

The Company applies revised AASB 101: "Presentation of Financial Statements". As a result, the Company presents in the Statement of Changes in Equity all owner changes

in equity, whereas all non-owner changes in equity are presented in the Statement of Profit or Loss and Other Comprehensive Income.

(l) New standards adopted

(i) AASB 2012-3 Amendments to Australian Accounting Standards – Offsetting Financial Assets and Financial Liabilities

AASB 2012-3 adds application guidance to AASB 132 to address inconsistencies identified in applying some of the offsetting criteria of AASB 132, including clarifying the meaning of “currently has a legally enforceable right of set-off” and that some gross settlement systems may be considered equivalent to net settlement.

AASB 2012-3 is applicable to annual reporting periods beginning on or after 1 January 2014.

The adoption of these amendments has not had a material impact on the Company as the amendments merely clarify the existing requirements in AASB 132.

(ii) AASB 2013-3 Amendments to AASB 136 – Recoverable Amount Disclosures for Non-Financial Assets

These narrow-scope amendments address disclosure of information about the recoverable amount of impaired assets if that amount is based on fair value less costs of disposal.

When developing IFRS 13 Fair Value Measurement, the IASB decided to amend IAS 36 Impairment of Assets to require disclosures about the recoverable amount of impaired assets. The IASB noticed however that some of the amendments made in introducing those requirements resulted in the requirement being more broadly applicable than the IASB had intended. These amendments to IAS 36 therefore clarify the IASB’s original intention that the scope of those disclosures is limited to the recoverable amount of impaired assets that is based on fair value less costs of disposal.

AASB 2013-3 makes the equivalent amendments to AASB 136 Impairment of Assets and is applicable to annual reporting periods beginning on or after 1 January 2014.

The adoption of these amendments has not had a material impact on the Company as they are largely of the nature of clarification of existing requirements.

(iii) AASB 2013-5 Amendments to Australian Accounting Standards – Investment Entities

The amendments in AASB 2013-5 provide an exception to consolidation to investment entities and require them to measure unconsolidated subsidiaries at fair value through profit or loss in accordance with AASB 9 Financial Instruments.

These amendments apply to investment entities, whose business purpose is to invest funds solely for returns from capital appreciation, investment income or both. Examples of entities which might qualify as investment entities include listed investment companies.

AASB 2013-5 is applicable to annual reporting periods beginning on or after 1 January 2014.

This Standard has not had any impact on the Company as it already values all of its investments at fair value through profit or loss in accordance with AASB 9 Financial Instruments.

(iv) AASB 2014-1 Amendments to Australian Accounting Standards (Part A: Annual Improvements 2010-2012 and 2011-2013 Cycles)

Part A of AASB 2014-1 makes amendments to various Australian Accounting Standards arising from the issuance by the IASB of International Financial Reporting Standards Annual Improvements to IFRSs 2010-2012 Cycle and Annual Improvements to IFRSs 2011-2013 Cycle.

Among other improvements, the amendments arising from Annual Improvements to IFRSs 2010-2012 Cycle:

- clarify that the definition of a ‘related party’ includes a management entity that provides key management personnel services to the reporting entity (either directly or through a group entity)
- amend AASB 8 Operating Segments to explicitly require the disclosure of judgements made by management in applying the aggregation criteria

Part A of AASB 2014-1 is applicable to annual reporting periods beginning on or after 1 July 2014.

The adoption of these amendments has not had a material impact on the Group as they are largely of the nature of clarification of existing requirements.

(m) New standards and interpretations not yet adopted

At the date of authorisation of these financial statements, certain new standards, amendments and interpretations to existing standards have been published but are not yet effective, and have not been adopted early by the

Company. Management anticipates that all of the relevant pronouncements will be adopted in the Company's accounting policies for the first period beginning after the effective date of the pronouncement.

Certain other new standards and interpretations have been issued as follows:

(i) AASB 9 Financial Instruments (December 2010)

This Standard introduces new requirements to improve and simplify the approach for the classification and measurement of financial assets and liabilities compared with AASB 139.

The entity has not yet assessed the full impact of AASB 9 as this standard does not apply mandatorily before 1 January 2018 and the IASB is yet to finalise the remaining phases of its project to replace AIS 39 Financial Instruments: Recognition and Measurement (AASB 139 in Australia).

(ii) AASB 2015-1 Amendments to Australian Accounting Standards - Annual improvements to Australian Accounting Standards 2012 – 2014 Cycle)

Part A of AASB 2015-1 makes amendments to 1 July 2015 various Australian Accounting Standard arising from the issuance by the International Accounting Standards Board (IASB) of International Financial Reporting Standard Annual Improvements to IFRS 2012 - 2014 Cycle.

When AASB 2015-1 is first adopted for the year ended 30 June 2016, there will be no material impact on the entity.

(iii) AASB 2015-2 Amendments to Australian Accounting Standards – Disclosure Initiative: Amendments to AASB 101

Part A of AASB 2015-2 clarifies materiality requirements of AASB 101.

When AASB 2015-2 is first adopted for the year ended 30 June 2016, there will be no material impact on the entity.

4. CHANGE IN ACCOUNTING POLICY

The Company did not early adopt any standards in the current financial year.

The Company did not change any accounting policies during the current financial year.

5. DETERMINATION OF FAIR VALUES

A number of the Company's accounting policies and disclosures require the determination of fair value for its financial assets. Fair values have been determined for measurements and /or disclosure purposes based on the methods outlined below. When applicable, further information about the assumptions made in determining fair values is disclosed in the notes specific to that asset or liability.

Unlisted private equity investments are initially recognised at cost, being the fair value of the consideration given. Associated acquisition charges are included in the cost.

For unlisted private equity investments, where there is no quoted market price, investments are valued according to the differing structures of these type of investments that the Company owns: private equity trust units are valued based on a unit price provided by the manager, while Venture Capital Limited Partnerships (VCLP) and direct private equity investments are valued using a "proportionate" value provided by the partnership or direct investment based on the Company's share of VCLP assets or company assets. The unit prices and "proportionate" values are calculated from the proportion of the total net asset values of the trust, partnership or company which is owned by the Company at balance date.

The value of the net assets of a fund, partnership or company is based on valuations of the diversified portfolio of investment assets and liabilities within that entity, which are calculated by the manager of that entity using valuation techniques that they deem appropriate. Valuation techniques may involve methods such as price/earnings analysis or discounted cash flow techniques. All valuation methods require assumptions to be made, for example, the estimation of future cash flows, multiples which would be paid on earnings in the market or discount rates. These assumptions are made by the managers, partnerships and direct investment entities and are not made by the Company.

6. FINANCIAL RISK MANAGEMENT

Overview

The Company has exposure to the following risks from its use of financial instruments:

- Market risk
- Liquidity risk
- Credit risk

This note presents information about the Company's exposure to each of the above risks, its objectives, policies and processes for measuring and managing risk, and the management of capital. Further quantitative disclosures are included throughout this financial report.

Risk management framework

The Board of Directors has overall responsibility for the establishment and oversight of the risk management framework. The Board of Directors and the Manager are responsible for developing and monitoring risk management policies.

Risk management policies are established to identify and analyse the risks faced by the Company, to set appropriate risk limits and controls, and to monitor risks and adherence to limits. The Company and Manager, through their training and management standards and procedures, aim to develop a disciplined and constructive control environment in which all personnel understand their roles and obligations.

Market risk

Market risk is the combined underlying risks of any investment by the Company. In relation to the Company, market risk comprises market price risk, foreign currency risk and interest rate risk.

(i) Market price risk

Market price risk is the risk that value of the financial instrument will fluctuate as a result of changes in market prices (other than those arising from interest rate or currency risk), whether caused by factors specific to an individual investment, its issuer or all factors affecting all instruments traded in the market.

The major risk to the Company in relation to the private equity investments is that a prolonged drop in market values may lead to lower profits (or losses) in the short term. Risks may also include an underlying investment not being able to reach its full potential in a timely manner

or at all, which would cause a delay or a decrease in the expected cash flows to the Company. The likelihood of such an event is considered periodically by the Manager and the findings are reviewed by the Board. Consideration procedures include, but are not limited to, the review of regular reports from the managers, direct correspondence with the manager, and information provided with monthly unit price advices which explain any price movement of the fund, partnership or investment.

The portfolio of underlying investments is still reasonably diversified and now relatively mature. Most of the portfolio funds are in the phase of their life cycles where they are seeking to dispose of investments so the portfolio will start to lose the benefits of diversification as more of those sale processes are finalised. Consequently, market price risk is like to create greater volatility in the value of the portfolio in the future.

(ii) Currency risk

Foreign currency risk is the risk that the value of a financial instrument will fluctuate due to changes in exchange rates.

As at 30 June 2015, the Company has several direct investments denominated in New Zealand dollars ("NZD"). As a result of these investments, the Company's balance sheet and profit or loss can be affected by movements in the NZD/AUD exchange rates.

Relevant exchange rates and their effect on the Company's financial instruments are monitored by the Manager, and if deemed appropriate or necessary, the terms of the investment management agreement allow foreign currency hedging to be undertaken using derivatives. The Company does not currently hedge its exposure to foreign currency.

The Company has a foreign currency exposure to capital commitments made to an overseas private equity firm for amounts which may be called in the future (refer to note 21). The timing and extent of these calls cannot be predicted at the date of this report because money is called as and when it is required by the foreign investment fund. As at the end of the financial year, the Company has one capital commitment to a foreign investment fund being Direct Capital Partners, with an uncalled commitment of NZD \$206,830 (approx. AUD \$184,786) (2014: NZD \$311,171 (approx. AUD \$290,217)).

(iii) Interest rate risk

Interest rate risk is the risk that the value of a financial instrument will fluctuate due to changes in market interest rates. The Company's direct exposure to interest rate risk is related to its cash holdings, and in the prior year, to the finance facility. The Company's cash holdings are held on a floating interest rate basis, while the finance facility was a bill facility and was exposed to the interest rate changes on the date that the bill matures if it was rolled over for a subsequent period at that date.

(iv) Liquidity risk

Liquidity risk is the risk that the Company will not be able to meet its financial obligations by their due date, due to a lack of cash accessible by the Company. The Company's approach to managing liquidity is to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

The Company's liquidity primarily comprises its cash at bank, although until 21 May a finance facility was also in place. The finance facility was available for a total of \$2 million (2014: \$2 million), of which \$nil had been drawn down during the financial year (2014: \$2 million).

The Company's liquidity requirements include the Company's day to day running costs and expenditures such as the amounts payable to its trade creditors and the amounts to which the Company is committed to pay to its unlisted private equity investments which are paid on a "drawdown" basis.

The Company's unpaid private equity commitments are no longer material (refer notes 21 and 22), however the Manager and the Board continue to devote time to ensuring that the Company will be able to meet its current investment obligations.

All of the private equity funds in the portfolio completed their investment programs in prior years so future drawdowns are likely to be for modest amounts and portions of the undrawn commitments may be cancelled as future requirements become more certain.

(v) Credit risk

Credit risk is the risk of financial loss to the Company if a counterparty to a financial instrument fails to meet its contractual obligations, and arises principally from the potential default of the counter party, with a maximum exposure equal to the carrying amount of these instruments.

The Company trades only with reputable, creditworthy third parties, and as such collateral is not requested nor is it the Company's policy to securitise its receivables.

The Company does not have any material credit risk to any single debtor or group of debtors.

All amounts are receivable in Australian Dollars and are not past due or considered impaired.

(vi) Capital management

The Board's objective is to maintain a strong capital base so as to maintain investor, creditor and market confidence and to sustain future capital requirements of the business. The Board of Directors aims to maintain capital at a point that ensures that the Company continues as a going concern whilst maintaining optimal returns to shareholders.

The Board does not currently have any plans to issue further shares on the market.

The Company is not subject to externally imposed capital requirements.

7. OPERATING SEGMENTS

The Company has one operating segment: Investments in Private Equity. For this segment, the Managing Director reviews internal management reports in relation to the Company's private equity investments on at least a monthly basis.

Information regarding the results of the Company's reportable segment is included below. Performance is measured based on segment profit before income tax as included in the internal management reports that are reviewed by the Company's Managing Director.

Comparative segment information has been represented in conformity with the requirement of AASB 8: "Operating Segments".

Reportable segment information

In thousands of AUD	Private Equity Investment Segment

Gross deferred income tax liabilities	(3)	(5)		
Deferred tax expense			(506)	(1,440)

Deferred tax assets

The deferred tax asset balance of \$2.680 million is recognised in the Statement of financial position of the Company as at 30 June 2015 (2014: \$3.184 million). The majority of the balance is due to the current fair value of the financial investments in private equity investments funds being below cost value. As in prior years, the Board reviewed the likelihood of the Company recouping the full amount of deferred tax asset. Among other factors, the Board considered the age of the portfolio, the number of recent exits from the Company's underlying portfolio, the remaining investments and fund managers and the eventual wind-up of the Company. Following careful consideration of these factors, the Board may adjust the deferred tax asset if it has doubts about the timing of future realisations and subsequent terminations of the funds in the portfolio.

Current tax liabilities

In thousands of AUD	2015	2014
Opening balance	2,129	1,445
Charged to income	833	2,173
Adjustment in respect of prior years	(603)	(443)
Payments of tax during the year	(1,581)	(1,013)
Equity related deductions	-	(33)
Total current tax liability	778	2,129

16. PAYABLES

In thousands of AUD	2015	2014
Related party payables (refer note 24)	35	49
Trade and other payables	102	139
Total payables	137	188

The Company's exposure to liquidity risk related to trade and other payables is disclosed in note 21.

17. PROVISIONS

In thousands of AUD	2015	2014
Provision for capital return	-	5,469
Total provisions	-	5,469

18. LOANS AND BORROWINGS

Debt finance facility

The Company had a \$2 million finance facility in place until May 2015. The debt finance facility was in place since 14 July 2009 with an initial limit of \$20 million, however from 31 May 2012 to July 2014 the Company negotiated several reductions in the facility limit as the outstanding portfolio commitment balance reduced. The finance facility was an Australian dollar floating rate facility where the Company was able to determine the drawdown and/or rollover period. The Company never breached any of its covenants relating to this debt finance facility. The facility had a carrying amount of \$nil as at 30 June 2014 and was not drawn upon after September 2013.

19. CAPITAL AND RESERVES

Share Capital - Ordinary shares issued and fully paid

In thousands of AUD	2015	2014
Beginning of the year	67,542	73,005
Capital return	(7,170)	(5,463)
Total contributed equity at 30 June	60,372	67,542

Shares

In thousands	2015	2014
On issue at the beginning of the year	136,571	136,571
Issued during the year	-	-
Total shares on issue	136,571	136,571

Issuance of ordinary shares

There were no shares issued during the year (2014: Nil).

During the year, no shares were issued as a result of exercising of options (2014: Nil).

Ordinary shares

The Company does not have authorised capital or par value in respect of its issued shares. All issued shares are fully paid.

The holders of ordinary shares are entitled to receive dividends as declared from time to time and are entitled to one vote per share at meetings of the Company. All shares rank equally with regard to the Company's residual assets.

There are currently no share options on issue.

Dividends and capital returns

The following dividends and capital returns were declared and paid by the Company:

2015	Cents per share	Total amount (\$'000)	Payment date
Capital return declared 15 August 2015	3.50	4,782	16 September 2014
Dividend declared 29 October 2014	3.00	4,097	4 December 2014
Capital return declared 16 March 2015	1.75	2,390	14 April 2015
Dividend declared 16 March 2015	1.75	2,390	14 April 2015
	10.00	13,659	

2014	Cents per share	Total amount (\$'000)	Payment date
Dividend declared 31 October 2013	3.00	4,097	5 December 2013
Capital return declared 25 June 2014	4.00	5,463	18 July 2015
	7.00	9,560	

The Company's dividend reinvestment plan has been suspended.

No dividends or capital returns have been declared since the end of the financial year.

Dividend franking account

In thousands of AUD	2015	2014
30% franking credits available to shareholders of the Company for subsequent financial years		
Balance at the end of the reporting period	99	48
Franking credits that will arise from the payment of the amount of provision for income tax	778	2,129
	877	2,177

The ability to utilise franking credits is dependent upon there being sufficient available profits and liquidity to declare dividends.

Listed investment company (LIC) capital gain account

In thousands of AUD	2015	2014
Opening balance of the LIC capital gain account	633	357
Prior period adjustment	2,892	276
Impact on the LIC capital gain account of the dividends paid or declared during the year	(3,483)	-
	42	633
This equates to an attributable amount of	61	904

LIC Capital gains available for distribution are dependent upon the disposal of investment portfolio holdings which qualify for LIC capital gains and the receipt of LIC distributions from VCLP securities held in the investment portfolio.

Due to the LIC capital gain rules and the Company's shrinking portfolio, there is doubt as to whether any significant LIC gains will be generated in the future.

20. EARNINGS PER SHARE

Basic earnings per share

The calculation of basic earnings per share at 30 June 2015 was based on the profit attributable to ordinary shareholders of \$1,996,631 (2014: profit of \$2,844,718) and a weighted average number of ordinary shares outstanding of 136.571 million shares (2014: 136.571 million), calculated as follows:

In thousands of AUD	2015	2014
Profit attributable to ordinary shareholders	1,997	2,846
Shares		
In thousands	2015	2014
Issued ordinary shares at 1 July	136,571	136,571
Shares issued during the year	-	-
Weighted average number of ordinary shares at 30 June	136,571	136,571

Diluted earnings per share

During the year, there were no dilutive potential ordinary shares on issue; therefore there is no difference between basic earnings per share and diluted earnings per share (2014: No difference).

21. FINANCIAL INSTRUMENTS

Market price risk

Exposure to market price risk

The carrying amount of the Company's financial assets represents the maximum risk exposure. The Company's maximum exposure to market price risk was \$39,355,734 (2014: \$50,938,138) for unlisted private equity investments.

Sensitivity to market price risk

A 10% movement in the value of the Company's investments would have increased/ (decreased) equity and profit or loss after tax by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis for 2014.

In thousands of AUD	Equity 2015	Equity 2014	Profit or loss 2015	Profit or loss 2014
Private equity investments +10%	2,755	3,566	2,755	3,566
Private equity investments -10%	(2,755)	(3,566)	(2,755)	(3,566)

Interest rate risk

Exposure to interest rate risk

At the reporting date the interest rate profile of the Company's interest bearing financial instruments was:

In thousands of AUD	2015	2014
VARIABLE RATE INSTRUMENTS		
Financial assets	4,854	10,084
Financial liabilities	-	-

Sensitivity to interest rate risk for fixed rate and variable rate instruments

A change of 100 basis points in interest rates at the reporting date would have increased (decreased) equity and profit or loss after tax by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis was performed on the same basis for 2014.

In thousands of AUD	Equity 2015	Equity 2014	Profit or loss 2015	Profit or loss 2014

			2,633	

Currency risk

Exposure to currency risk

The Company's exposure to foreign currency risk at balance date was as follows, based on notional amounts:

In thousands	NZD 2015	NZD 2014
Unlisted private equity investments	2,049	2,598
Foreign cash	178	15
Total balance sheet exposure	2,227	2,613

Exchange rates

The following exchange rates applied at year end:

	2015	2014
NZD	1.1193	1.0722

Sensitivity to currency risk

A change of 10% in the Australian dollar against the New Zealand dollar at the reporting date would have increased (decreased) equity and profit or loss by the amounts shown below. This analysis assumes that all other variables remain constant. The analysis is performed on the same basis for 2014.

In thousands of AUD	Equity 2015	Equity 2014	Profit or loss 2015	Profit or loss 2014
NZD +10%	132	155	132	155
NZD – 10%	(162)	(190)	(162)	(190)

Credit risk

Exposure to credit risk

The carrying amount of the Company's cash and receivables represents the maximum credit risk exposure. The Company's maximum exposure to credit risk was \$5,011,545 (2014: \$11,456,083) being \$4,853,648 in relation to cash and cash equivalents (2014: \$10,083,826) and \$157,897 in relation to receivables (2014: \$1,372,257).

None of the Company's receivables are past due (2014: Nil) or considered impaired. All receivables are due within 30 days.

The Company does not have any material credit risk to any single debtor or group of debtors.

Fair values versus carrying amounts

The carrying values of financial assets and liabilities approximate their fair value

The basis for determining fair values is disclosed in note 5.

Fair value hierarchy

The table below analyses financial instruments carried at fair value, by valuation method. The different levels have been defined as follows:

Level 1: quoted prices (unadjusted) in active markets for identical assets and liabilities;

Level 2: inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices);

Level 3: inputs for the asset or liability that are not based on observable market data (unobservable inputs).

In thousands of AUD	Level 1	Level 2	Level 3	Total
30 JUNE 2015				
Financial assets designated as fair value through profit or loss	-	-	39,355	39,355
	-	-	39,355	39,355
30 JUNE 2014				
Financial assets designated as fair value through profit or loss	-	-	50,938	50,938
	-	-	50,938	50,938

During the financial year, there have been no transfers between levels 1, 2 or 3 (2014: Nil).

Reconciliation of Level 3 balances in the fair value hierarchy

In thousands of AUD	2015	2014
Beginning balance	50,938	60,878
Unrealised gains for the period recognised in the profit or loss	(5,872)	(2,232)
Purchases and calls paid for unlisted private equity investments	2,652	4,986
Sales of unlisted private equity investments	(150)	-
Capital returns from unlisted private equity investments	(8,099)	(12,676)
Proceeds received from repayment of investment loans	(139)	(20)
Foreign exchange loss on settlement of investment loans	25	2
Ending balance	39,355	50,938

Sensitivity analysis

The valuation inputs for the level 3 financial assets vary depending on the corporate structure of the investment. Although the Company is primarily a fund of fund structure, it also invests through other “non-fund” entities. The Company’s investments therefore need to be valued differently according to the differing legal structures of its investments:

- Investments in private equity trusts are valued by multiplying a unit price provided by the manager of the trust by the number of units the Company holds in the trust;
- Venture Capital Limited Partnerships (VCLP) are valued using a value of the VCLP assets provided by the manager of the partnership proportioned by the Company’s share of VCLP assets under the partnership agreement; and
- Direct private equity investments are valued using a value of the direct investment provided by the manager of the investment, proportioned by the share of equity in the investment which the Company holds.

The valuation inputs of the Company’s investments are therefore twofold:

1. The proportion of a trust, VCLP or direct investment which the Company holds; and
2. The unit price of a trust or the underlying value of a VCLP or direct investment.

The proportion of an investment which the Company holds is primarily fixed under the terms of the governing document of the investment (relevant trust deed, partnership agreement, bare trustee agreement, unit trust agreement or management agreement). Therefore, the only reasonable change in a valuation input that could occur, and hence the Company’s sensitivity to changes in valuation inputs, is a change in the unit price of a trust or the underlying value of a VCLP or direct investment (i.e. the market price risk).

The Company’s sensitivity to market price risk is set out above in the first table of this note.

22. CAPITAL AND OTHER COMMITMENTS

In thousands of AUD	2015	2014
Private equity commitments contracted but not provided for	2,633	5,110

These commitments reflect the capital commitment in respect of future investments in current private equity investments held. Due to the inherent nature of this type of investment, the timeframe of these commitments cannot be accurately predicted because capital can be called by investment managers at any time, however it is unlikely that the Company would be required to pay the entire outstanding commitment at one time. This is supported by historical trends.

Estimated forecasted cash flow projections are provided below by the Company. These projections are a broad estimate and are not able to be relied upon. They have been made by the Manager based on information from various sources, such as

- discussions with private equity managers;
- historical trends in the industry;
- the current economic environment; and
- reports obtained by the Manager from industry data aggregators, private equity managers and other economic sources.

Although these projections are used by the Board for discussion, they are not relied upon, and as such the Board aims to achieve sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions.

Future capital payments are forecasted to take place within the following timeframes:

Private equity commitments contracted but not provided for

In thousands of AUD	2015	2014
Within 1 year	650	1,000
Between 1 year and 5 years	1,983	4,110
Later than 5 years	-	-
	2,633	5,110

All of the private equity funds in the portfolio have completed their investment programs so future drawdowns are likely to be for modest amounts and portions of the undrawn commitments may be cancelled as future requirements become more certain.

The Directors expect the Company to finance the future drawdown of its outstanding commitments, if required, by utilisation of cash on hand or from distributions expected to be received by the Company as a result of realisations of assets by private equity investments.

23. CONTINGENCIES

Contingent assets

As at the date of this report, the Company does not have any contingent assets (2014: nil).

Contingent liabilities

As at the date of this report, the Company does not have any contingent liabilities (2014: nil).

24. RELATED PARTIES

Key management personnel compensation

Other than the Directors, there were no key management personnel during the year.

Compensation of Directors

During the year, the total compensation paid to the Directors was \$95,000 (2014: \$95,000).

Under the current terms of the Company's constitution, the non-executive Directors as a whole may be paid or provided remuneration for their services the total amount or value of which must not exceed an aggregate maximum of \$150,000 per annum.

Individual Director's compensation disclosures

Information regarding individual Director's and executive's compensation and some equity instruments disclosures as required by Corporations Regulation 2M.3.03 is provided in the remuneration report section of the Directors' report.

Apart from the details disclosed in this note, no Director has entered into a material contract with the Company since the end of the previous financial year and there were no material contracts involving Directors' interests existing at year end.

Key management personnel and Director transactions

Mr Schahinger holds a position in the Manager, Pomona Australia Pty Limited, which results in him having control or significant influence over the financial or operating policies of that entity.

Pomona Australia Pty Limited transacted with the Company in the reporting period as a result of its position as Manager of the Company during the year. The terms and conditions of the transactions with Pomona Australia Pty Limited were no more favourable than those available, or which might reasonably be expected to be available, on similar transactions to non-Director related entities on an arm's length basis.

The aggregate value of transactions and outstanding balances relating to Pomona Australia Pty Limited were as follows:

In thousands of AUD	Transaction	Note	Transaction value year ended 30 June		Balance outstanding as at 30 June	
			2015	2014	2015	2014
Key Management Person						
Mr J Schahinger	Management Fees	(i)	425	538	35	49
			425	538	35	49

(i) Management Fee

In consideration for the services provided under the Management Agreement, the Manager is entitled to a Management Fee which is calculated on the last business day of each month and paid no less frequently than quarterly.

The management fee is charged at the rate of 0.85% per annum of the gross asset value of the portfolio.

(ii) Performance Fee

Under the terms of the Management Agreement, the Manager will be entitled to a Performance Fee calculated annually over three year rolling periods from the end of the month in which the Company was admitted to the ASX's Official List (30 November 2004).

The fee payable is equal to 10% of any out-performance of the Portfolio over a benchmark which is the greater of:

- (a) the total return of the S&P/ASX 300 Accumulation Index over the calculation period plus 3% per annum; and
- (b) 25% over the calculation period.

As at 30 June 2015, no Performance Fee has been paid or become payable to the Manager (2014: \$nil).

Purchases from related parties are made in arms length transactions at both normal market prices and normal commercial terms.

Outstanding balances at year-end are unsecured and settlement occurs in cash.

There have been no guarantees provided or received for any related party receivables.

25. SUBSEQUENT EVENTS

There have been no matters or circumstances since the end of the financial year that have significantly affected or may significantly affect the Company.

26. AUDITOR'S REMUNERATION

In AUD	2015	2014
AUDIT AND REVIEW OF FINANCIAL STATEMENTS		
Auditors of the Company		
Audit and review of financial statements – Grant Thornton	65,000	63,000
Total remuneration for audit and review of financial statements	65,000	63,000

Auditors of the Company		
Taxation services – Grant Thornton	8,000	8,000
Total remuneration for other services	8,000	8,000
Total auditor's remuneration	73,000	71,000

Directors' Declaration

1. In the opinion of the Directors of IPE Limited (the Company):
 - (a) the financial statements and notes that are set out on pages 26 to 54, and the Remuneration report in the Directors' Report, set out on pages 16 and 17, are in accordance with the Corporations Act 2001, including:
 - (i) giving a true and fair view of the Company's financial position as at 30 June 2015 and of its performance for the financial year ended on that date; and
 - (ii) complying with Australian Accounting Standards (including the Australian Accounting Interpretations) and the Corporations Regulations 2001;
 - (b) there are reasonable grounds to believe that the Company will be able to pay its debts as and when they become due and payable.
2. The Directors have been given the declarations required by section 295A of the Corporations Act 2001 from the chief executive officer and the chief financial officer for the year ended 30 June 2015.
3. The Directors draw attention to note 2(a) of the financial statements, which includes a statement of compliance with International Financial Reporting Standards.

Signed in accordance with a resolution of the Directors:

Independent Auditor's Report To the Members of IPE Limited

Report on the financial report

We have audited the accompanying financial report of IPE Limited (the "Company"), which comprises the statement of financial position as at 30 June 2015, the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the year then ended, notes comprising a summary of significant accounting policies and other explanatory information and the directors' declaration of the company.

Directors' responsibility for the financial report

The Directors of the Company are responsible for the preparation of the financial report that gives a true and fair view in accordance with Australian Accounting Standards and the Corporations Act 2001. The Directors' responsibility also includes such internal control as the Directors determine is necessary to enable the preparation of the financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error. The Directors also state, in the notes to the financial report, in accordance with Accounting Standard AASB 101 Presentation of Financial Statements, the financial statements comply with International Financial Reporting Standards.

Auditor's responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We conducted our audit in accordance with Australian Auditing Standards. Those standards require us to comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's

Grant Thornton Audit Pty Ltd ACN 130 913 594
a subsidiary or related entity of Grant Thornton Australia Ltd ABN 41 127 556 389

'Grant Thornton' refers to the brand under which the Grant Thornton member firms provide assurance, tax and advisory services to their clients and/or refers to one or more member firms, as the context requires. Grant Thornton Australia Ltd is a member firm of Grant Thornton International Ltd (GTIL). GTIL and the member firms are not a worldwide partnership. GTIL and each member firm is a separate legal entity. Services are delivered by the member firms. GTIL does not provide services to clients. GTIL and its member firms are not agents of, and do not obligate one another and are not liable for one another's acts or omissions. In the Australian context only, the use of the term 'Grant Thornton' may refer to Grant Thornton Australia Limited ABN 41 127 556 389 and its Australian subsidiaries and related entities. GTIL is not an Australian related entity to Grant Thornton Australia Limited.

Liability limited by a scheme approved under Professional Standards Legislation. Liability is limited in those States where a current scheme applies.

judgement, including the assessment of the risks of material misstatement of the financial report, whether due to fraud or error.

In making those risk assessments, the auditor considers internal control relevant to the Entity's preparation of the financial report that gives a true and fair view in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the Directors, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Independence

In conducting our audit, we have complied with the independence requirements of the Corporations Act 2001.

Auditor's opinion

In our opinion the financial report of IPE Limited is in accordance with the Corporations Act 2001, including:

- a giving a true and fair view of the Company's financial position as at 30 June 2015 and of its performance for the year ended on that date; and
- b complying with Australian Accounting Standards and the Corporations Regulations 2001; and
- c the financial report also complies with International Financial Reporting Standards as disclosed in the notes to the financial statements.

Report on the remuneration report

We have audited the remuneration report included in pages 16 to 17 of the directors' report for the year ended 30 June 2015. The Directors of the Company are responsible for the preparation and presentation of the remuneration report in accordance with section 300A of the Corporations Act 2001. Our responsibility is to express an opinion on the remuneration report, based on our audit conducted in accordance with Australian Auditing Standards.

Auditor's opinion on the remuneration report

In our opinion, the remuneration report of IPE Limited for the year ended 30 June 2015, complies with section 300A of the Corporations Act 2001.

INVESTMENT

Brokerage and Investment Transactions

During the current and prior year, the Company did not pay any brokerage costs because it did not make any investment transactions which incur brokerage.

Management Agreement

IPE Limited has appointed Pomona Australia Pty Limited as the Manager of the Company with effect from 1 July 2011.

The Company has appointed the Manager to:

1. invest and manage the Portfolio in accordance with the terms of the Agreement; and
2. perform various administration services, specifically:
 - preparing financial statements required to be issued by the Company;
 - assisting the Company to carry out company secretarial functions, including arranging meetings of shareholders of the Company and liaising with the Company's share registry;
 - assistance in preparing communications to shareholders of the Company;
 - assistance in preparing income tax returns and maintaining tax related records for the Company; and
 - arranging the establishment and maintenance of a website for the Company.

In consideration of the services provided under the Agreement, the Manager was entitled to a Management Fee of 0.070833% of the value of the Portfolio calculated on the last business day of each month (being a fee of 0.85% per annum of the value of the Portfolio), and paid no less frequently than quarterly.

Management fees paid or accrued during the reporting year were \$425,302 (2014: \$537,693).
