Net Tangible Assets

We advise that the unaudited net tangible asset backing for the Company's shares at 31 July 2017 was:

	Fully Paid Ordinary Shares 30 Jun 2017	Fully Paid Ordinary Shares 31 Jul 2017
NTA before tax	\$0.106	\$0.106
NTA after tax	\$0.110	\$0.106

As the Company continues its wind down strategy the number of underlying investments in the portfolio also continues to decline and the five largest exposures are now approximately 70% of the total private equity portfolio value. Consequently, the potential exists for greater volatility in the monthly NTA. That NTA relies heavily on the fund valuations advised by the various managers within the portfolio and those managers generally value their investments on a quarterly or six monthly basis.
